

## **Beautiful Plains Branch report for November 26/11 meeting.**

Our branch was busy over the summer with several people coming to Neepawa looking for information on their family who had lived here in the past. We did meet over the summer with round table meetings.

We started our regular fall meetings on September 21 with Ruth Slezak coming in to speak to us about restoring old photo's. In October our meeting was on dating old photo's and in November we had our meeting on deciphering old handwriting.

The United Empire Loyalist branch of Manitoba had their fall meeting in Carberry and a couple of our members attended.

We are all but finished our Neepawa Cemetery project with just a little information to enter and we are up to date to Aug 31st/11.

We meet the third Wednesday of the month and have meetings planned into the new year with speakers, round tables, etc.

Sorry we have no one able to attend this meeting, just too many things on the go.

Don McGillivray
