

Council Report September 2012

I'm sorry to be away for this meeting – I have a wedding to attend.

Periodicals electronically

Take into account price of paper and ink

Enid has compiled a list of periodicals we receive – 23, but we need to somehow have a better control on this – the library marks down all periodicals received, but we do not know who is receiving one of ours.

Concern about running off the journals – after we run them off of the library file in contact they sometimes reappear – it's a nuisance to keep checking to see if we have run them off – why are they reappearing.

CD ROMs

These have all be catalogued – problem was many have more than one topic – so it is much better to search for them on KOHA.

We have decided to make the loan period for CDRoms 3 weeks – the same as books.

Portage la Prairie

We received the 34 volumes plus an index (years 1978 to 2010) of obituaries from the Portage la Prairie library. These are from the Portage Daily Graphic.

Cleaning up

There are boxes in the library that someone should check (and maybe dispose?)

Dec 1991 to 2002 Masters of Generations

Old AGM Masters

Box 2008-9 Accounting Books

Apologies

We have tried to finish off moving books and periodicals but summer months slow us down, out of town visitors require more help, and volunteers taking holidays.
