

Report for Council Sep 2015

1. Sandra Havig has rounded up some typing volunteers and has 90% completed the slips of paper in the little green cabinet. This is an amazing collection of names – some mention up to 3 or 4 generations. It could be up on MANI within a month. Sandra will be writing an article for *Generations* explaining what is in the collection.
2. Enid Dorward has a group of regular Tues volunteers busy with indexing for MANI. They have completed the Dauphin obituaries, etc. and are being typed up. They are now indexing the cards on the BMD in the alcove.
3. Ginny has talked to you about our project of culling the library.
4. Cataloging concern – Kathy and her crew are redoing the cemeteries – which means KOHA is not exactly correct as to number of pages. Mavis is keeping up with that and changing KOHA when necessary. At times if you find a cemetery missing can you please check the cupboards above my desk in the office. I have nothing secret in there.
5. We are so sorry to announce that Lynn Francis has decided to give up volunteering. 95 and quitting – may the rest of us continue as long.

Mary Bole
